## Getting Started

This knowledge base runs on *DokuWiki* with **Markdown syntax enabled**.

- By default, all areas except `/public` are private.
- Access is granted by administrators to specific areas of the Wiki. Whenever you need access to new wiki sections, contact support.
- Broadly speaking, pages and media are structured in folders and sub-folders.

If it's your first time using DokuWiki, please check the DokuWiki.

**Access to Media files** such as images or PDFs behaves exactly the same way as regular pages. You'll only access those files if you were given permissions.
